

OZKAN CENGIZ

- SR. TECHNICAL CONSULTANT -
- EXECUTIVE MANAGER -

ABOUT ME

Experienced engineering professional on airliners and their complex engineering systems for 15 years, being an executive and a trainer, I can apply my abilities to fill the required role in your projects. I am a dedicated person who wants to use his skills, education and experience to help others achieve their goals. I use both traditional and creative approaches. My main focal points are Operation & Project Management, Team Leadership, and Process Improvement.
